**Event
Description:**

The RLC is a 3-day event, beginning January 11 at 7pm until January 13 at 1pm.

This conference will benefit residence students through developing the participants' skills in "connecting the dots", meaning their ability to bring ideas, skills, experiences, and interests together to develop the participant's ability to lead our residence students. The three participants are Alicia Clarke, Lisa Lavalle, and Vicky Huang, all of whom are Senior Residence Assistants in South Residence and are presenting at this conference. By being able to exchange ideas and experiences with those from other university institutions, we will be able to learn new ways to further support our residence students' personal growth in their second semester. Furthermore, the conference focuses on developing diverse and inclusive communities, role modeling responsible behaviour, and practicing self care. We will have the ability to discuss different approaches to these topics with our peers, which will hopefully shine a new light on how to develop them. Due to our

positions as Senior RAs, we will also be sharing what we learned at the conference with our team members to benefit as many residence students as possible.

The funding will be going towards the hotel cost and registration fees for the presenters: Alicia Clarke, Lisa Lavalle, and Vicky Huang. Through our attendance at this conference, we will be benefiting residence students through the development of our ability to support and advise them in the following areas: leadership

diversity, and inclusivity, and
self-care.
